PROFESSIONAL SUMMARY

Motivated and detail-oriented B.Tech Computer Science student with a strong foundation in programming, data structures, and web development. Skilled in HTML, CSS, JavaScript, and modern frameworks, with hands-on experience through academic projects and internships. Eager to apply problem-solving abilities and technical skills to build efficient and scalable solutions in a dynamic work environment.

EDUCATION

JNTUH University College Of Engineering Manthani

Dec 2023 – present

Bachelor of Technology in Computer Science Engineering; CGPA: 7.81

Key Courses: Operating Systems, Data Structures, Analysis Of Algorithms, Artificial Intelligence, Machine Learning, Networking, Databases

Sri Chaitanya Junior College

Intermediate- MPC; Percentage: 94.7

Jun 2019– Apr 2021

INTERNSHIP EXPERIENCE

Intern at Oaisis Infobyte

Nov 2025 – Dec 2025

Full stack developer

- Developed and optimized dynamic web modules using HTML, CSS, JavaScript, and Flask, improving platform responsiveness by 30 percent.
- Collaborated with backend teams to enhance API integration and reduced page load time by 25% through refactoring and caching techniques.
- Participated in agile sprints, contributing to feature planning, testing, and deployment using Git and Docker.

KEY PROJECTS

Online BMI calculator | Tech Stack: Python (Flask), HTML, CSS, JavaScript

- Developed an online BMI calculator that computes Body Mass Index based on user height and weight inputs.
- Implemented input validation and accurate BMI classification (Underweight, Normal, Overweight, Obese) to improve result reliability.
- Designed a simple and responsive user interface to enhance user experience and enable quick health assessment.
- Optimized calculation logic for faster response and smooth interaction on web platforms.

TECHNICAL SKILLS

Languages: Python , Java , SQL , JavaScript , HTML , CSS

Frameworks Libraries: React(Basic)

Developer Tools: Git, Docker, Google Colab, VS Code

Core Competencies: Machine Learning, Artificial Intelligence, Web Development, API Integration, Model Deployment, Problem Solving, Agile Development, Data Structures and Algorithms
